Change in Security Service Provider

Dear Resident,

You may have noticed subtle changes to the security services in your community.

These changes are in accordance with our policy of continuous enhancement and a commitment to our valued owners and residents and in response to a comprehensive Tender Process in which we were able to identify and select a professional Security Company who will be taking over Security Guarding Services within your Community.

In relation to the above, a change of Security Service Provider will take place on 10 July 2017.

While we acknowledge that having any new Service Provider starting at a new location can be a bit of an adjustment, we ask that you, our valued owner/resident, please bear with us as we deploy our new Service Provider, **Transguard**, to your community. We understand that this could be a potential inconvenience, but your cooperation and patience during this turnover phase is highly appreciated.

Emaar understands the importance of protecting one's most treasured assets, which is why we will endeavor to provide you a safe, secure and hospitable living environment.

Should you have any queries with regards this matter, please contact communities@ecm.ae or call 800-EMAAR.

Best regards,
